## VOICE & DATA SYSTEMS RECEIVES TOP INDUSTRY AWARD

*Technology Assurance Group Awards  
Leading Technology Provider at their  
16th Annual TAG Convention*

OMAHA, NE AND COUNCIL BLUFFS, IA —April 19, 2016 — Voice & Data Systems, a leading unified communications provider, announced today that the company received Technology Assurance Group's top award at the 16<sup>th</sup> Annual TAG Convention held in Chicago, IL in April. Technology Assurance Group (TAG), an international organization of independently owned unified communications companies in the United States and Canada, selected Voice & Data Systems as the winner of the TAG Champion Award. Voice & Data Systems accepted the award at the prestigious awards ceremony attended by the dominant forces of unified communications, including TAG's Member companies and leading technology manufacturers.

The award is based on the company's ability to drive their fellow TAG Members' growth and advancement. Voice & Data Systems, a Member of TAG's Advisory Board, offers an array of data networking, voice, and video solutions all designed to increase their customers' profitability and productivity. The "TAG Champion Award" award was received by Steve Sawtell, President of Voice & Data Systems. "Our company's

goal is to always strive to be on the leading edge of technology," said Mr. Sawtell. "Through TAG we learn best business practices for the betterment of the customers we serve. We believe in giving back to the Members that have helped us along the way. We're proud to have won this award among such a sophisticated group of unified communications providers."

"Voice & Data Systems continues to stand out as an exceptional TAG Member. It was no surprise that they received this award," commented Brian Suerth, President of TAG. "They are committed to continually educating their clientele on the latest advancements in technology. They have shared what they learned with their peers. As a result they have helped raise the bar of customer service and satisfaction of our industry as a whole. This is why they deserve to be recognized as the best provider in our industry."

Voice & Data Systems is committed to providing exceptional value through managed services that assures a fixed cost for their customers. Their highly trained and motivated professionals constantly strive to offer proactive services that maximize the profits, productivity, and competitive advantages of those customers.

### **ABOUT VOICE & DATA SYSTEMS**

Voice & Data Systems provides state-of-the-art unified communications technology to businesses in the Omaha-Council Bluffs metro and surrounding communities. The company creates customized, turnkey solutions specific to their customer's business for telephone systems, data networks, video surveillance and converged networking applications.
